FLEXING SKI

PROBLEM

- E** Stiff flex = Slow learning
- D** Steifer Flex = Langsames Lernen
- F** Trop de rigidité = Apprentissage plus long
- I** Sci rigido = Apprendimento lento

IDEA

- E** Extreme flex on short length
- D** Sehr weicher Flex bei kurzer Länge
- F** Extrême souplesse Sur une longueur courte
- I** Flessibilità elevata nelle lunghezze basse

SOLUTION

U-FLEX

- E**
 - 25% softer
 - Easy turning = Simple learning
- D**
 - 25% + weicher
 - Leichtes Drehen = Einfaches Lernen
- F**
 - 25% plus souple
 - Virages facilités= Simple pour apprendre
- I**
 - 25% + flessibile
 - Curva facile = Apprendimento semplice

FLEXING BOOT

- E** Flexing ski boot
- D** Flexender skischuh
- F** Une chaussure de ski flexible
- I** Flessibilità dello scarpone

- E** Keeping the feet warm
- D** Die füsse bleiben wärmer
- F** Les pieds restent encore plus au chaud
- I** I piedi restano più caldi

- E** Movable sole
- D** Die Sohle passt sich der Biegung
- F** La semelle bouge
- I** La suola si muove

It's my opinion that this technology is only going to increase the fun factor and accelerate the learning for kids all over the world! Watching my 6 year old, Lachlan, move onto the U-flex boots and skis was remarkable. With all that additional flex available to him he was able to access the value of a shaped ski when going slow, and left what we ski instructors call "rail road tracks" in the snow.

Georgie Bremner

Buttermilk School Manager | Aspen Skiing Company

Finally there is a new and perfect working ski and shoe system on the market. The u-flex system makes skiing much easier and the kids will get success faster than with normal skis. The flexing ski boot is very comfortable and the kids can do nearly everything with them. A system which makes the kids and also the ski teachers happy.

Elan Explore skis as an impact on the industry and our mountain has been absolutely phenomenal. The Explore Technology allows for easier turn engagement and a quicker transition from the wedge to parallel skiing. This season, we have had a faster turnover rate from first day skiers to big carpet, or chairlift riders than before with conventional shaped skis.

Kyle Steinmetz,

Learning Center Director, Mount Sunapee Resort

"The introduction of Elan's Explore rental ski has been game changing for our lesson participants. Not only does the ski have all the efficiencies and design needed for a contemporary rental operation, but it performs beyond expectations in a myriad of conditions. The ski simply makes learning fun and easy."

Dave Beckwith,

Director of Golf and Snow Sports, Killington Resort | Pico Mountain

Our new Elan Explore Adult and Junior rental skis are a huge time saver for the rental staff. The color coded boot and binding system gets our guests in and out the door quickly to enjoy a day of skiing. New skiers and our learning center rave about the skis performance and ease of turning. Bottom line, a happy guest translates into someone who will return and recommend our resort to others!

Tom Whittles,

Rental Manager Roundtop Mountain Resort
