BACKCOUNTRY

THE MOUNTAIN COLLECTIVE

DIFFERENT BACKGROUNDS, DIFFERENT NEEDS

Salomon's Mountain Collective embodies many different kinds of skiers, all with different goals, but all sharing the same passion for backcountry skiing. Mountain guides want to find new routes and share the mountain experience. Touring athletes want to go further, higher, get more vert. Mountaineers and big line skiers want maximum challenge and technical difficulty. Powder hunters want an endless, untracked steep run. Backcountry is all of these things.

QUEST

ALL MOUNTAIN BACKSIDE

ACCESS THE BEST OF THE MOUNTAIN

Find the freedom to push past every resort skiing and discover new terrain. Explore places you've never been before, find freedom from the crowds and freedom in nature - access the best of the mountain.

X-RACE
